

CASH-CODE-SYSTEM

CCS

FOR MAKING
GREAT BUSINESS
AND GOOD PROFIT

Made in Germany

Description of the activation process

*Step
1*

The customer reports to the seller and wants to buy a Cash-Code. The seller then sends him the invoice by email, SMS or Whatsapp.

*Step
2*

The Client sent the agreed amount to the owner of the system to further leasing.

*Step
3*

The Owner sent the generated Cash-Code via SMS, Whatsapp or Email etc. to the Smartphone of the Client.

*Step
4*

Then or later, the customer takes this Cash-Code and transmit it to the device to activate it. (maximum 5m distance)

Function

Client-App

This universal App is used for simple and easily understandable operation and configuration of each system equipped with a CASH-CODE.

With the Client-App you can receive the paid CASH-CODE from the owner to activate the rented system.

In addition, this app serves as a remote-control for the rented system. For example, to display all system, values, duration, remaining time or to change the different modes.

A special output can be configured in such a way, that external lighting is automatically switched on. (Street light)
